
The Dominoes by Mayette Magie Moderne

The return of a great Close-up classic

For if we are the oldest Magic shop in the world (it is now more than two centuries since the shop was first opened in 1808!), it was under the management of André Mayette between 1933 and 1965, and thanks to his outstanding abilities, energy and the irreproachable quality of the material that he sold, that the quality of the "Mayette" name has been so successful since the 30s.

The equipment:

This set of Dominoes was manufactured to our specification for this trick. They are identical replicas to the famous Dominoes that *André Mayette* used to sell.

The Basic routine:

The basic effect is perfectly laid out by *Dominique Duvivier* in the explanatory DVD: The Magician shows four dominoes, two double 2's and two double 5's, which he moves around in a perplexing manner from one place to another. And, of course, you can let your audience inspect the dominoes.

The Bonus:

They are presented to you here by *Dominique Duvivier and Quoc Tien Tran*. With a wide variety of effects, they will allow you to get the best out of your equipment with four additional and amazingly effective routines.

of the routines are very simple to do; they will be an impressive extra tool for your magical repertoire.
