
Fly By Night by Chris Randall - DVD

Looking for a way to stop a crowd ? Then look no further.

The ultimate work on the floating spinning card.

This effect has been the opening effect of *Chris Randall* for the last 15 years. Learn how to float cards, drivers license, dollar bills match book, and the incredible floating coin handling that has fooled the best minds in magic.

The **DVD** includes everything from a very basic handling to very advanced. You will learn to float the card around your body with ease and confidence. Next time the cops pull you over take out your drivers license and float it out the window and they will go back and give them self the breathalyzer instead of you.

This is the ultimate work on the floating card.
