## **String Theory (DVD and Gimmick) by Vince Mendoza - DVD**

String Theory by Vince Mendoza is a refreshingly new take on the Gypsy Thread concept that now allows the best moments to happen right in the spectator's hands.

When you take out a piece of string, your spectator cuts it into multiple pieces. They are in control. Pick up the pieces and place them in their hand. As you simply grab two of the ends and pull, the string visible heals itself in their hand. The pieces instantly mend IN THIER PALM.

This is what intimate magic is all about.

Over the course of 1.5 hour packed DVD, Vince Mendoza and Eric Jones will guide you through detailed performance explanations, simple setup, ins and outs, audience management, tips, tricks, troubleshooting & more.
