## **Jim Cellini Lecture by International Magic - DVD**

For those fortunate enough to have seen Jim Cellini perform or lecture, this video needs no introduction. For those not so fortunate, here is a rare opportunity to see an expert in the field of "Street Magic". Jim will charm you, he'll baffle you (sometimes you'll already know the secret, but he'll still baffle you), he'll entertain you (teaching you how to make your own routines, more entertaining) and when you reach the end of the lecture, you'll understand why Jim is recognized the world over as "Magic's Greatest Street Artist".

During this lecture, you will get to know Cellini, understanding that everything about him has a reason, his clothes, his words, his manner.
