
Full Dollar Coin (Gun Metal Grey) by Mechanic Industries

Poker chip style coins for the serious coin magician. Expertly designed and produced in copper, this soft metal is perfect for coin magic.

These coins have low 'talk' noise and the milled edges offer excellent surfaces for gripping, whilst maintaining effortless glide properties across other coins. These coins are specifically designed to age and wear, the more you use them, the better they will look! They are the perfect accompaniment to your Mechanic Deck and Card Guard, offering a fully branded experience and a highly professional look for your performances.

- Full Dollar / Diameter: 39mm - Thickness: 2.7mm
