
Card Artistry 2 by Vanishing, Inc.

Justin Flom's *Card Artistry* took the magic world by storm: millions of Youtube views, a performance on Ellen, and thousands of magicians enthusiastically using the routine in their performances.

Now Justin is back with a BRAND NEW VERSION that looks even more amazing: **Card Artistry 2**.

In this version, a selected card becomes one of several famous paintings on a gallery wall. Their signed selection appears in a frame next to works by Picasso, DaVinci, and Dali. And in this version there is NO FORCE. The card can be signed!
