
Subtle Card Creations Vol. 4 by Nick Trost - Buch

In this fourth volume of Subtle Card Creations, you will find the workings of more highly effective and easy-to-do card magic. In this volume, there are over 100 effects of wide variety in 12 chapters. Chapters in special areas of card magic include:

- Gemini Twins
- Cards and Dice
- Gilbreath Plays Poker, Part 1
- Special-Deck Gambling Effects
- Spelling Trick

Nick Trost's Subtle Card Creations is a multi-volume compendium of card magic based on subtle moves and principles rather than difficult sleight of hand; the majority of the material has not been published previously.

"The student of magic will find a great deal of valuable information in this book ... Mr. Trost knows how to construct entertaining card magic..."

- **Roy Walton** (*from the foreword*)

"I think you have another winner on your hands."

- **Steve Beam**

"Nick Trost is a genius."

- **Aldo Colombini**
