
Exact Change by Gregory Wilson (DVD and Gimmick)

Your 1 - 100 Prediction Is Right On The Money!

A soon-to-be-stunned spectator gives you a number from 1-100. You remove all the change from your pocket and the total matches exactly!

In Greg's professional repertoire for years, it's a perfectly direct and deceptive feat of mentalism that has impressed some of the best minds in magic!

It's easy to do. You start clean, end clean, can turn your pocket inside out or (if you're cheeky enough) have a spectator reach in for the outcome herself. Plus, it comes with 36 remarkable routines to overwhelm your senses!

Resets instantly. No forcing. No tailoring. No place it can't be done. The instructional DVD, fine leather money clip and custom-designed "secret weapon" will make you look like a master mentalist in minutes!
