## **Vanishing Diet Coke Can by Bazar de Magia**

The most visible and clean vanishing of a can of Coke. Some Coke is poured from a can into a glass. An empty tube is shown. The can is introduced inside the tube and immediately you blow into it thus making a silk appears flying from the other end. The tube is shown empty! The can has disappeared! Very easy to do. No skill required. It is different than the vanishing bottle, here you don't use a handkerchief to cover the tube.

No silk included, use any 12 inches silk.

Includes tube, gimmick Diet Coke can

Note: the can is a zero-sugar coke can in Argentina.
