
Heavens Aces by Chris Randall

On this DVD Chris Randall teaches you one of his trademark routines.

Four Jokers are produced at the fingertips one by one and then instantly change into four aces.

This flashy bit of sleight of hand fits in as the opener to any four ace routine or even as a moment of magic in your stage manipulation act.

With step by step instructions, Chris will teach you the touches that make learning this as easy as possible. You will also learn the Heaven's Aces card control as a bonus!
