## Cover the Spot by Ian Kendall and Alan Wong

**Cover the Spot** is one of the more elusive of the Bunco games. Played at carnivals and on midways all over the world, thousands of marks have tried to win valuable prizes by simply covering a red spot with 5 discs. They all failed. Now, with the work explained by award winning magic teacher Ian Kendall and bespoke props made by Alan Wong from tough plastic that will last for ever, you can add this classic game to your Bunco show, magic gen or just carry the discs with you to the bar for some free drinks. Remember to scam ethically...

Wne the BBC's Real Hustle team wanted to feature the Spot game they turned to Ian for the real work. Coney Island master of the side show Todd Robbins said, "Ian's tutorial is the best source available for learning the working of this wonderful evil '*game*'!"

Peter Duffie in Magic Magazine said "All in all, this is a DVD that provides excellent value for money, tips the 'work' on a little known game, and is definitely worth checking out."

Comes complete with 6 plastic discs (1 red, 5 white) and online instructions.
