
Mentalism for Young Minds Vol. 2 by Paul Romhany - Buch

Volume 2 is LARGER and has MORE ROUTINES, TRICKS and ADVICE than volume 1. This has OVER 55 routines direct from professional performer's repertoires. Everything from walk-about to stand-up shows. Many with props you can make yourself, or have in your cupboard.

"When Paul asked me to contribute to volume 2 I jumped at the chance .So here we are with another volume chock full of advice, tips, scripts, routines and tricks to entertain children and families with. Use them well."

- Bill Abbott

This completes the two volume set for performers who want to add some mentalism in to their show. Anybody who has purchased Volume 1 will tell you that mentalism CAN and IS being performed by magicians and mentalists for younger minds around the world.
