
Dark Deco Deck by US Playing Card

rsvp presents - The Dark Deco. It's first custom deck in their new range of quality playing cards.

This deck has been custom designed from the ground up and made for us by The United States Playing Card Company on their famous Bicycle Card Stock. With Air Cushioned finish, they are simply beautiful to use and perfect for all magicians and collectors.

Each custom designed deck comes with 56 cards and includes two jokers (one with a hidden prediction printed on it's face), a double backer and one blank facer, allowing magicians to incorporate this deck into their usual routines.

This deck handles as good as it looks and will be something you'll be proud to use time and time again.

Please note: This deck is a limited edition and numbers are restricted.
