

21st Century Card Magic by James Swain - Buch

"Cards are power; learn to harness that power, and you will be forever rewarded"
- From Preface by James Swain.

James Swain's book - 21st Century Card Magic - has stunningly effective simple card routines. Improve your sleight-of-hand card skills immediately and with ease. Thorough instructions with photo illustrated explanations to learn.

From Introduction by Bill Malone

"This book is a perfect way to start off the new century. I have tried many of these routines in front of real people and can attest to their greatness. This book has something for everyone, whether you are a beginner or an accomplished sleight of hand magician...There are so many routines in this book worth performing that I do not have time to mention them all...It is a well known saying, if you can find one trick in a book that you can actually use than you've gotten your money's worth. Well, with this book, you will get your money's worth over and over again."

Contents: Includes Sleights taught for each routine
