

## Subtle Card Creations Vol. 2 by Nick Trost - Buch

The second volume of **Subtle Card Creations** continues with a wealth of new material - effective and subtle card effects - designed to entertain and baffle spectators.

Much of the material - as in Volume 1 - was developed from ideas in a series of notebooks. Effects of all types are include here. There are 11 chapters. Here are a few of the areas covered in Volume 2:

- Coincidences
- Hotel Mysteries
- Divinations
- Four Aces
- Gambling Tricks
- Poker Deals
- Predictions
- Transpositions
- Packet Tricks
- ESP Cards
- And a unique chapter on tricks with a Pinochle deck.

**Nick Trost's Subtle Card Creations** is a multi-volume compendium of card magic based on subtle moves and principles rather than difficult sleight of hand; the majority of the material has not been published previously.
