

Magic Party Picture trick Samuel P

Turn any child in your audience into a magical artist!

EFFECT: You show a simple black and white drawing of a room ready for a birthday party-except there are no balloons, no decorations, no presents and the cake has no candles! A volunteer writes his name across the cake, draws candles on the cake (matching his age) and writes his age on a party hat all with different colored crayons of his choice. The performer asks the child to hold the picture while everyone says the magic words. **When the picture is turned around balloons, presents and decorations have appeared in full color-all on the child's drawing with his name and handwriting!** Of course, the child gets to keep the drawing as a souvenir of the show.
