

The Cheat by Richard Turner - DVD

Two Video Volumes on One DVD!

Presented under the theme of "Protecting Yourself at the Card Table", this video series was filmed in - studio with the latest in camera and editing equipment. Many of the over 200 techniques demonstrated are shown not only in slow motion, but are also filmed from under a glass table, providing a view never before seen. You've seen many of Richard Turner's gambling techniques and many more. The effects you perform will seem like miracles to even the most sophisticated card man.

In this series, you'll see over a dozen methods for dealing seconds, thirds, fourths, and fifths. Find out how a second deal can be used with a stacked deck even after a cut has been made. Close up and in slow motion you will see a dozen bottom and middle deals (filmed from above and below a glass table) and over eighteen ways of shuffling and false cutting a pack of cards -- many of which, have never been seen-- such as a table faro after the cards are cascaded into each other and then stripped out, as well as the Turner one hand shuffle/strip out. Also learn many ways to stack a deck including over hand, riffle and table faro shuffles.
