

Hip Shot Wallet

Love card to wallet but you don't like to wear a jacket? Then you should try shooting from the hip. Introducing the Hip Shot! The Hip Shot Wallet is a bi-fold, hip pocket wallet made of high quality calf-skin. This wallet was built from the ground up to also function as your everyday wallet. Contains TWO zippered compartments that can produce your selected cards... One of which can produce An ENTIRE DECK OF CARDS!

A Word From The Pros...

"A classy prop! The kind of wallet you'd be proud to own and use."

- Rafael Benetar

"It's easy to use... Is well made and looks great. If you've been looking for a wallet of this type, be sure to check it out. Recommended."

- Mike Close

"Tony's wallets are just like Frosted Flakes... They're Great! Being a professional magician, I of course have almost no extra money, but I did actually shell out my own dough for one of these wallets! It's nice enough that even if you don't do the card in the wallet trick, you'll be proud to carry it around."
