

Simplex Floating Rose - David R. Evangelista

The Effect: The magician is seen holding a beautiful rose. He gestures at it and suddenly the magician slowly lets go of the rose and it clings to his hand. He moves his hand away from the rose to show it suspended in mid air. The rose now floats up and down and side to side, in front of the performer. At the conclusion, the rose descends back to the performer's waiting hand.

Note: the rose could be red, yellow, or white.
