

Hankerchief Vanishing Ring (Colors) by Bazar de Magia - Trick

Effect

The magician borrows a ring from a spectator and places it under a handkerchief. He hands the hanky to the owner of the ring who holds onto it through the cloth. The magician snaps his fingers and tells the spectator to let go of the ring and...it vanishes! The borrowed ring is later produced in any impossible location the magician chooses. This great utility prop is available in white.

Note: *Choice of color not available.*

Hankerchief measures 16.75 by 16.25 inches.
