

Bending Credit Card James Ford & Magic Studio 51

The perfect ice-breaker! After this, you'll have them eating out of your hand!

Picture yourselves a scene; a beautiful unapproachable supermarket cashier is staring at you with a bewildered face, as you channel waves of mental energy into your credit card causing it to slowly bend and unbend to your accord - simply by gazing at it.

All around you, people that were waiting in line, simply forget what they were there for in the first place and become an admiring audience that is convinced you possess supernatural powers!

- Always at hand and ready to perform
- No preparations whatsoever
- Easy to master and even easier to perform
- Clever hidden gimmick
- Credit card may be presented from both sides
