Durable polypropylene construction

"Wow! Not only does this produce a great effect, but it frees up a pocket, instead of costing me one! This is the perfect utility prop for the working pro!"

- **Michael Ammar**

"I can say with confidence that the working magician who wants a cool way to product a deck of cards, as well as more pocket space, will find this device one of their best purchases ever!"

The Deck Dropper has so many possibilities that you will want two. Easy to load, easy to reset and easy on your confidence, as the workings are very clever."

- **Jim Pace**

"Trevor Duffy has come up with the only save, reliable way to produce a pack of cards from the sleeve. i was delighted by both the quality and ingenuity of his invention, and I can't wait to use it!"

- **Joshua Jay**
