

Banachek's PSI Series Vol 3 - DVD

Do you want to find a needle in a haystack? Using the power of your mind and a little help from your volunteer, you can find anything through your heightened sense of touch. Almost anything you can do in mentalism can be re-enacted using Psychophysiological Thought

Reading. This DVD also includes Banachek's first national television appearance. Here he uses the Psychophysiological response to find a

playing card hidden in a shopping mall.

Additional material included in personal interviews explain how to work with agents, getting booked on the college circuit, trade shows and
