

Senor Mardo Egg Bag by Martin Lewis - DVD

In this DVD, Martin Lewis explains his affinity for the Senor Mardo Egg Bag and several uses for this great piece of magic.

"Nowadays it seems that the egg bag of choice is the Mini Style. I offer my variation of the Senor Mardo bag in my lecture as an alternative. My reasons for preferring this style bag are threefold. It is easier to handle, the (you know what) is visible even upon direct inspection, and for more effects are possible, as well as some novel moves. I also prefer the brighter coloring. Expert seamstress Cindy Lewis makes these bags and I believe them to be the most practical and deceptive egg bag available." **Martin Lewis**
