

Cultural Xchange Vol 2 : America's Most Wanted by Apollo and Shoot - DVD

Once again Shoot and Apollo are stretching the borders of cutting-edge sleight of hand. Bob Kohler Magic is proud to release 15 totally new and exciting routines from the working repertoire of two of the busiest professional magicians in the world.

When they're not working or sleeping, these super creative magicians are busy inventing and polishing magic for their performances. You are the beneficiary, because Shoot and Apollo are releasing these secrets from the vault of their working material. Cultural Xchange set new standards for performance material that was so visual no language is needed for the audience to "get" the effect. Of course great patter will enhance any routine, but these routines fill a void in most magicians arsenals by providing professional grade material for when it's so loud no one can hear a word you say.

Cultural Xchange 2 takes you deeper into the world of drop-dead visuals. The routines vary from "quickies" to full-blown performance pieces. Skill levels are from very easy to real knuckle busters. All of the routines share one attribute...they will knock your socks off!

Live performances followed by detailed instruction will soon have you up to speed. Objects used are cards, coins, pens, dice, keys and even a poker chip. Incredible new techniques, choreography and audience management using body motion are just a few of the in-depth lessons Shoot and Apollo have designed inside of the routines. The material is absolutely killer!

Cultural Xchange 2 is available only on DVD. Order yours today!
