

Mini Cube to Chocolate Project by Henry Harrius - Trick

When you instantly change a mini-Rubik's Cube into a bunch of M&Ms, your audience's jaws will drop. This is literally eye-candy. Henry Harrius has redefined cube magic with his extraordinary gimmicks and new techniques. His **Mini Cube to Chocolate Project** adds another dimension to anyone who loves cube magic- and for anyone who wants a practical method to do a startling, up close transformation with a mini-cube.

"I love this! WAY more practical than I'd thought, after watching the method. Can't wait to receive mine!"

-Shin Lim

"Henry invents & produces the BEST Cube Magic on the planet! Mini Cube To Chocolate is a lot of Fun to perform and looks like real magic, you will use this every day!"

-Nicholas Lawrence

"It's like seeing trick editing but in real life. I love how Henry put the details in this trick, this is definitely one of my favorite."

-Demian Aditya

"Whether you are already into cube magic or new, Mini Cube To Chocolate is a PERFECT tool to start. It's organic, visual, and extremely practical. This is going on my next Instagram video for sure. Can't wait."

-Patrick Kun

COMMUNITY QUESTIONS ABOUT MINI CTC

Q: Can I use real chocolate?

- Yes. In fact we recommend to use real chocolates for real performance.

Q: Is the gimmick consumable?

- No. You can perform infinite times.
