

## American Future - Pokerdeck

Step into the realm of possibility with our **American Future Playing Cards**.

Featuring 54 finely manufactured cards adorned with original illustrations by **Nathaniel Rueda**, whose work has been showcased at esteemed venues like The Pictoplasma Academy. Printed to perfection by the renowned **United States Playing Cards Company**, these cards boast unparalleled quality and durability.

Explore **captivating visions of the future encapsulated in each card**. From milestones like the completion of bitcoin mining in 2140, leading to a collapse of the network, to the eradication of plastic waste by 2600, envision a world where unnatural pollutants vanish from our planet.

Intriguing narratives unfold, including the crowning of a humanoid athlete adorned with the iconic number 23, hailed as the Michael Jordan after securing numerous sports titles.

More than just a deck of cards, our American Future Playing Cards offer a unique window into the speculative realms of tomorrow. Whether you're a seasoned card player or simply curious about the possibilities of the future, each hand dealt promises to **inspire creativity** and provoke thought about the untold stories yet to unfold.

Additionally, each deck includes two gaff cards, seamlessly integrating these futuristic narratives into your magic routines. Elevate your performances with these unique additions, allowing you to weave tales of tomorrow into your magical feats seamlessly.

Experience the excitement and anticipation of what lies ahead with every shuffle of the **American Future Playing Cards**.
