

## **Black Tortoise Deluxe Wooden Box Set by Ark Playing Cards**

The display case adopts a vertical side-by-side door structure, giving it a palace-like feel. The metal nameplate inlaid at the front makes the wooden box a well-deserved collectible handicraft.

The inside of the tuck box and the backs of the cards feature full-color designs, while the playing cards themselves are fully metallic foiled with gilded edges.

- Limited to 300 with unique serial numbers
- Includes blue deck and a collectible coin
- Full-color foiling
- Cherrywood display case
