

White Tiger Black Gold Box Set by Ark - Pokerdeck

The same lifting mechanism and intricate hollow interior as the Classic have been retained, with adjustments and upgrades to the color scheme.

A purer gold color, combined with an overall black and gold structure, has resulted in a significant visual enhancement for the box.

- Limited to 500 with unique serial numbers
- Two decks: Gold & silver
- The grand finale of the Beasts
- Exquisite multi-layered ARK tuck cases
- HOLO foil
