

SLOB by Simon Lovell & Kaymar Magic

SO WHAT IS **SLOB**?

Simon Lovell's Oblique Brainwave!

A spectator deals through the deck face up, stopping on a card he feels good about. This card is instantly shown to be of a different color back from the rest of the deck. He can even take the card away as a souvenir if he wishes!

Liam says - If you have been to the shop, or seen me lecture, there's a good chance I performed this for you, and then DIDN'T tell you how it worked! The truth is that **SLOB** is one of my FAVORITE tricks of all time, and it fools magicians and spectators every time (and is pretty much an instant sale when it's demo'd!)

I am proud to have worked with Simon to keep this Kaymar exclusive available for you!

NO WAX, NO ROUGH AND SMOOTH, NO FLAPS OR FIDDLY BITS, NO SLEIGHT OF HAND...NO KIDDING!
