What is "VÃ©lo"

"VÃ©lo" is actually two separate product options. VÃ©lo Clear is the clear-top display case, and VÃ©lo Stack is a drawer unit which is perfect for storing your decks. They are sold separately, but their real value comes from their ability to be seamlessly stacked together in seconds with no tools required. It's a luxurious all-purpose card cabinet that can be easily adjusted to suit your unique needs or budget. As your collection grows, so can your "VÃ©lo".

"VÃ©lo Stack"

The convenience of "VÃ©lo" truly shines through with "VÃ©lo Stack". These specially designed modular wood drawers stack together in seconds. Simply place one on top of the other, and for the perfect finish, add a VÃ©lo clear on top. They also have the angled insert for easy access to your cards, but you can easily remove it to quickly transform the "VÃ©lo Stack" into a more traditional drawer for other small props or accessories.

Want to add a clear-top display unit too?

Constructed of high-quality wood and featuring a wide acrylic viewing top, "VÃ©lo Clear" is the perfect way to showcase 12 of your favorite decks while also protecting them from dirt and dust. Each one includes a removable soft insert that rests the tuck boxes at the perfect angle for highlighting their most elaborate details, while also giving you quick and easy access to your cards whenever the top is open.

Please note: VÃ©lo Stacks are sold individually. VÃ©lo Clear is available to purchase separately.

More than two years were spent painstakingly designing and building "VÃ©lo" from the finest materials. No detail was spared. Even its name was inspired by the French word for Bicycle (a subtle nod to the most famous cards in the world).
