

Solokid Multiverse Playing Cards

The Multivers is a concept of reality that we know very little about. Multiverse, is a concept where our known universe has a mirrored version of it with the exact same features but with slightly different details, or is there more?

The entire deck is not what you think of when picturing a deck of playing cards. The colors are bright and vivid, unlike the classic decks. The bright blue and yellow really grabs your eye showing you the playfulness of the deck... inviting you to take on the journey of the Multiverse!

The Multiverse Playing Cards is manufactured by Taiwan Playing Card Company with their legendary luxury finish.
