

DUNE Premium Playing Cards

Fear Is The Mind-Killer

THE WORLD OF DUNE IN YOUR HAND

The outer packaging is simply astonishing. The front of the box is designed in the form of a stillsuit, weathered by the harsh elements of Arrakis. Complete with foil accents that shimmer like spice in the air, along with sculpted embossing and debossing that gives the box a hardened, tactile sensation.

THE MOST DANGEROUS PLANET IN THE UNIVERSE

Set foot on the harsh desert planet Arrakis and protect the spice from falling into the wrong hands! Follow the journey of Paul Atreides and partake in his mission to ultimately save humanity.
