

Cell Pop by Ruben Goni

A collaboration between two renowned gimmick manufacturers: Andrew from Brazil and Rubén Goñi from Argentina!

You will be able to start from one phone box, produce four and take out a real phone at the end (phone not included)!

- This is a new effect with a fun potential with a very powerful impact.
- Cell Pop is: particularly visual, modern and original, it will leave your audience speechless.
- It can be made anytime and anywhere since it is not only fully automatic but also very easy to perform.
- You receive five Gimmicks to perform different routines, each explained in detail. Instructional video in English, Spanish, Portuguese and even French.
- Cell Pop is without a doubt the next best-seller of the Social Magic category, a release that will appeal to all fans of magic on social networks - but not only!
