

Subtle Fragrance (Standard) by King Star - Pokerdeck

The **Subtle Fragrance** deck takes plum blossoms as the starting point and uses ink, red, and blue strokes to depict 12 beautiful women enjoying the plum blossoms.

The design of colors and dots creates an ink wash effect, and the slightly carefree digital corner markers precisely convey the freehand brushwork of ink painting.

The top view of the oil paper umbrella on the back of the card is the central pattern, surrounded by flying swallows and blooming plum blossoms, showcasing a traditional Chinese ink painting in this square inch.
