

## Magic Bet by Hugo Valenzuela

With this magic trick you can make a written prediction appear from a selected card or the appearance of a bill.

The magician shows a poker chip on both sides.

Then magician holds a pen and draws an imaginary bill or prediction.

The magician takes the poker chip in his hands and very quickly and visually transforms it into a bill or a written prediction.

In this edition, the maximum usable bills are 72 mm high.

If the bills of your country exceed this measurement, you can make a written prediction appears shown in the video tutorial.

For the trick use a soft bill (used ones) (not laminated)
