

## The Noble One by Mark Bennett and Matthew Wright

Following on from the Kings Secret, **The Noble One** is the next release in the "Noble 52" range.

The Noble 52 is the most exclusive magic club in the world with only 52 of the best magicians on the planet personally invited by King Charles iii of England himself to become members. With a heritage reaching back to King Arthur and Merlin the secret society of The Noble 52 has been woven into the fabric of world history, influencing some of the most monumental events of the ages. Said to have been created by Merlin and The Lady of The Lake, **The Noble One** is a legendary ring thought to hold immeasurable magic powers. It has been lost to time, but its legend lives on.

Every year King Charles bestows upon one single member of the 52 the title of **The Noble One** and shows a recognition of the member being amongst the very best magicians alive. They are presented with a commemorative ring inspired by the mythical **Noble One Ring**. It is a ceremonial piece of fine art more for display than fashion and is presented in a velvet ring box. It is embossed with the emblem of The Noble 52. Unicorns signify nobility and magic. The geometric shapes of the Masons, the ever-present watchful eye of the Illuminati and the wheel of the Magic Circle can all be seen in the design.

To accompany the ring, the recipient is also gifted the most opulent deck of cards ever created. Gilt edged and embossed with 24 carat gold the prestigious Noble 52 deck can only be gifted by the King himself. Its design pays homage to the 52's Arthurian roots with each court card depicting one of the original 52 members.

Together, **The Noble One Ring and The Noble 52 Deck**, are used to create some of the most powerful card tricks imaginable. When the ring is placed onto a spectators finger the recipient is empowered with the magic of the 52 and are able to change, vanish and manipulate cards at will. Finally.... for a remarkable climax, the ring on the spectators' finger morphs into the design of a chosen card. The reactions when this happens are legendary!
