

Diget Spinner by Tim Star and Johan Stahl

Magic fans have been going wild after the Blackpool convention 2025 when the **Diget Spinner** became an instant smash hit and a total sell out! With the **Diget Spinner**, you can spin your own credit card, playing card, your business card, a small book, a candy bar, and your own phone.

You can even end clean.

This is an invisible utility device that makes things spin on the tip of your fingers. This looks amazing and it feels great when you hit that perfect spin. With some practice, you will fool even the experienced magicians.

This is a fun way to impress people in your everyday life or a way to sprinkle some Shazam in your professional repertoire.

You will receive the secret **Diget Spinner** gimmick, a centering device and a detailed instruction in English.

Get yours now and make your world spin!

"This is SO FUN to watch and perform. I used to do spinning phone tricks, but now with this, it has become so much easier and completely examinable!"

- Henry Harrius

"A delightful illusion of skill!"

- Tom Stone

"So much fun to play with. I love the super speed spin start with a snap!"

- Axel Hecklau
