

The Bunnies! 3D Rabbits (Parents, Kids & Grandpa)

I always loved the 3D Rabbits released by Goshman. Sadly, they are no longer made. We had to have our own version manufactured to keep the \$25 retail price and I always wanted to include the larger Grandpa rabbit to offer an additional surprise at the end of the routine.

These look super cute and are fun to perform.

Two sponge rabbits are displayed. "Papa" rabbit is placed in the magician's pocket. "Mama" rabbit is placed into a spectator's hand. Somehow, the Papa rabbit jumps into the spectator's hand to join "Mama" rabbit! The two bunnies are then placed back into the spectator's hand. When they open their hand, a whole family jumps out!

For an added large surprise, the grandpa can be produced as well.

Comes with

- (2) Large 2.75" Mom and Dad
- (5) Small 1.5" Rabbits.
- (1) Grandpa Rabbit 5.5"

Our own Doug Conn made detailed online instructions that come with additional ideas!
