

Sandwich Change (Gimmicks and DVD) by SansMinds Creative Labs - DVD

If you ask a spectator what the most magical thing they've seen with a deck of cards is, they're likely to say a card change. And as performers, we know that the best magic happens in spectators' hands.

Sandwich Change incorporates both elements to give your audience a visual shocker.

Imagine your spectator holding a card, and without letting go, it changes in their hand.

No complicated set-ups, it's easy to carry, and lasts you a long time.

What you receive:

- 1 Instructional DVD
- 1 fully made gimmick (RED Bicycle back) ready to use right out of the box
