

Robo-Geisha - Pokerdeck

Probably the most dazzling playing cards you have ever seen...from the box to the cards themselves.

Welcome to The Evokad Chronicles No.2! The collection will feature three different designs inspired by angels and mechanical geishas. Through the designer's wild imagination and unique brushstrokes, a three-dimensional and dazzling picture is presented!

- Robo-Geisha playing cards

Very special style! Inspired by the mechanical geisha, the texture will restore the bright metal to a great extent. Laser tuck case + laser processing of the front and back sides of the playing card.
