

The Reckoning by Steve Cook and Dead Rebel

Legendary magic creator **Steve Cook** teams up with **Dead Rebel** to produce a KILLER piece of close-up mentalism, with gorgeous props, an intriguing presentation and a method that Steve has used to fool everyone, including laymen and big-name magicians!

In effect, three large silver dollars are shown to have three different dates, examined, and put into three unmarked and regular envelopes by a spectator, who also shuffles them, all while your back is turned.

To the story of 'Soapy Smith', a legendary conman, you elicit the spectators help to reveal the locations of the coins, and between you and them, you NAIL ALL THREE DATES!

- **SELF WORKING** - No moves, sleights or hidden moves!
- **EXAMINABLE** - The spectators can examine everything and will find nothing!
- **NO MARKINGS!** - Clever combination of methods means that there are no secret markings you need to see! The envelopes are totally regular and could even be borrowed! Perform in any lighting conditions, or even do the entire thing blindfolded!
- **INSTANT RESET** - Everything is self-contained, resets as you put it away, perfect for table hopping!
- **GORGEOUS PROPS!** - Includes everything you need to perform right away - the three Dollar Coins, envelopes, pencil, wanted poster and more, all contained in the lovely leather purse.
- **FULL INSTRUCTIONS** - As well as video tuition from Liam Montier, you also receive a booklet that details the full history and work on the routine, with tips and subtleties that we have come to expect from the amazing Steve Cook!!

"Steve Cook has a rare talent for creating the most fooling effects from the simplest and most direct methods imaginable. This effect is a true testament to this and is one that I have had the pleasure of being fooled with personally!"
