

Black Pearl by Gentlemen's Magic & Victor Zatko

Black Pearl

is an original, modern and incredibly puzzling mentalism effect. You wear a black pearl bracelet on your wrist, with a single pearl of a different color, which you find in the exact spot indicated by your spectator.

Victor Zatko & Gentlemen's Magic

His passion for innovation has led him to become a renowned French creator of magic tricks, respected and appreciated by his peers. His reputation in the world of magic is well established. His drive to push the boundaries of magic has led him to develop unique and innovative effects that are now performed by professional magicians all over the world.

Black Pearl is no exception to this ambition. By partnering with Gentlemen's Magic, you're guaranteed to have in your hands both a first-rate EDC mentalism effect and a professional-quality gimmick thought through to the last detail.

Supplied (white or gold) will match your style while remaining refined without ever arousing suspicion. This bracelet will never leave your side, defining your new style and enabling you to present a mentalism effect anywhere, anytime and under any conditions.
