

Mind Spy II by Peter Nardi

In 2002, Peter Nardi released a utility device that made the entire mentalism community sit up and take notice - the legendary **MindSpy**. A true Swiss Army Knife for mentalists, the original MindSpy is single-handedly responsible for inspiring the vast majority of peek wallets you see on the market today.

Now, **due to overwhelming demand**, the **MindSpy** is back - but not as you remember it...

Introducing the **MindSpy II** - redesigned, refined, and reimagined for today's performer. This brand-new version is smaller, sleeker, and packed with **even more powerful features**.

Built with the professional in mind, the **MindSpy II** is perfect for **stand-up, parlor, and stage performances**. It looks like a stylish, innocent **notepad-style wallet**, but it's loaded with hidden features that will elevate your mentalism to the next level.

Available in two beautiful finishes - the classic black and the stunning Baker Street brown edition - the **MindSpy II** is being released as a **limited edition**.

Each unit comes complete with **full video instructions**, featuring powerful, real-world routines taught by **Peter Nardi and Marc Spelmann**.
