

Enchanted Dice

The magician displays a small box with six dice neatly arranged from one to six, then closes it with a lid. He picks up another die, drops it into a cup, gives it a shake, and turns it over, revealing a randomly selected number.

But here comes the magic: when the lid is lifted, all six dice inside the box now match the number just rolled!

A stunning close-up gem!

- Easy to perform
- At the end everything can be examined
- Supplied with detailed, step-by-step instructions
