

Coffee Break by Urbain

Imagine a routine featuring a coffee cup and a signed bill. After a succession of magical "Chop Cup" type effects, your finale will reveal a hermetically sealed coffee capsule in which you will produce THE signed bill. Very high quality material. Pure genius signed Urbain & Gentlemen's Magic.

URBAIN & GENTLEMEN'S MAGIC, TWO GUARANTEES OF QUALITY

You'll always be one step ahead and never be caught off guard, even during the most dreaded moment: the final charge!

Forget your technical and boring Chop Cup routine and make way for Coffee Break! You'll blow your audience away with an ultra-slick signed bill travel routine using a simple espresso cup, where the final charge will be a fresh coffee capsule containing...Their signed bill!

THE STRENGTH OF THIS ROUTINE LIES IN SEVERAL POINTS

- First of all, all the objects used in this routine are not suspicious and never sound like a magician's "fake" material.
- You have here a routine that you can perform in any environment, noisy or not.
- Coffee Break will work perfectly with a tabletop stand or vertical magic.
- Emotion is at the heart of the Coffee Break effect because when the ticket literally appears in the spectator's hands, his amazement will be read on his face, this emotion is indescribable with the simple words: Unforgettable Memory Guaranteed.
