

Super Sandwich by JT Magic

Super Sandwich

is a highly visual sandwich effect. A spectator selects a card and returns it to the shuffled deck. In an instant, two Jokers locate the selected card. Then, the magician places the card back between the two Jokers - and it visually vanishes, reappearing in the middle of the deck.

Advantages:

- **Highly Visual & Practical** - A modern take on a classic effect.
- **Unique Locking System** - Makes handling smooth and reliable.
- **Easy to Learn** - Simple enough for anyone to get started quickly.
