

Legacy Deck by Wayne Dobson

The Legacy Deck

was born from the phenomenal success of Wayne Dobson's Legacy. A trilogy of books published last year by Vanishing Inc.

The deck is not a regular deck of cards, but a photo album of people both in magic and in Wayne's life. Each card represents a person or people that have a special meaning to Wayne and his career. All these people have a special place in Wayne's heart. Whether it be for love, inspiration, admiration or he just likes them a lot.

The back of each card incorporates Steve Dela's excellent Night Flight Deck and there is a little extra too.

There is an exclusive "Wayne Dobson" Joker, superbly draw by Wayne's carer, Jessica Buckingham. A double backer, a gimmicked card to make Ringo Rabbit (again superbly drawn by Jessica) disappear and lastly a Special Guest card, where each and everyone who buys this deck can add a passport sized photo of themselves or someone else and be a part of Wayne's Legacy.

The deck also comes with an accompanying booklet written by Bob Gill. This booklet will provide information on all the cards and the people in them.

These decks are in limited supply so don't miss out.

If you have the trilogy then this deck of cards is the ultimate companion.

If you are a collector, then you'll just want to collect a deck.

If you haven't been able to secure a copy of the trilogy then this deck will give you an insight to Wayne's life.

But, let's face it. Anything with Wayne's name on it is worth getting.
