

POPIL by Viktor Voitko

An old effect adapted to modern real life. When cigarette smoking is out of fashion and banned in entertainment venues, our trick breathes new life into a classic illusion-ash mysteriously appears on the spectator's palm.

- **Bonus effect:** as the paper burns, it floats upward, adding a spectacular visual element to the trick.

Specification:

- Highly practical fits in your pocket.
- Can be used multiple times without recharging.
- Performable in 360-degree view.
- Interactive-engage your audience in the experience.
- The perfect pocket trick to perform anywhere, anytime.

This set includes:

- A specially designed lighter
- Sheets of paper
- A special paste
