

## Aurora Borealis by Paul Gordon

In 1998 **NICK TROST** said of Aurora Borealis, *"This is wonderful. One of Paul's best that I'll use!"* **ALDO COLOMBINI** said, *"This is just brilliant, Paul. So clever. So usable. I use it always!"* Top-quality Bicycle/USPCC cards supplied (no sticky rough n smooth) and brief online video tutorial; one assumes you know basic card handling. Watch the honest unedited promo trailer and be fooled. The cards magically somersault and then become quick-change artistes!

**Note:** Your set will be a different picture/court card and the back colors may vary. But the main design is always blue genuine Bicycle stock.
